

Business VoIP

Hosted White Label Solutions for VoIP Service Providers

Offer a Full Portfolio of VoIP Services to your Business Customers

Telinta provides you with a full portfolio of white label VoIP solutions enabling you to offer the business telephony services you need to win and retain attractive customers. This includes a full range of Class 5 features, Hosted PBX, SIP Trunks, voicemail, conferencing, remote work solutions, brandable softphones, and more. With Telinta, you can select the highly scalable cloud-based solutions you need to serve any size business customer, whether their employees are in the office, work from home, or on the road around the world.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Business VoIP, all under your own brand.
