

SIP Trunking

Hosted White Label Solutions for VoIP Service Providers

Sell SIP Trunks using your own Carriers

Telinta enables VoIP service providers to quickly create and sell white label SIP Trunks to their business customers. With Telinta, you can serve both IP PBXs and legacy PBXs, transforming your customer's operations into a streamlined all-IP environment. Use your own carriers for VoIP Termination and Origination to help control your costs and quality. Telinta's SIP Trunking solution, combined with our rich portfolio of other solutions, enables you to serve any type of business customer with customizable VoIP services that meet their unique needs. Cost-effective highly-flexible VoIP helps you win and retain the profitable customers your ITSP business needs.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to SIP Trunks, all under your own brand.
