

Virtual Office

Hosted White Label Solutions for VoIP Service Providers

Self-Service Hosted PBX for your Small & Home-Based Customers

With Telinta's Virtual Office solution, you can easily offer Hosted PBX to your small and home-based business customers. Using a brandable web interface, your users sign-up online, and select the features they need such as selecting DIDs, adding extensions, voicemail, an auto-attendant and IVR, call forwarding, and more. The solution can be used with or without IP phones, including mobile phones.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Virtual Office, all under your own brand.
